

**ADHESIVE
TAPES
MANUFACTURER**

PACKAGING

BOPP PACKAGING TAPES (Many Types)

- General Purpose BOPP Tape (Transparent & Brown Color)
- Low Noise BOPP Tape with acrylic based adhesive
- Printed BOPP Tape (Upto 3 Colors)
- Colored BOPP Tape (Milky White, Red, Brown, Black, Blue, Orange, Green, Yellow & Grey Color)
- Super Clear BOPP Tape
- Machine roll (Of various thickness & lengths)

SELF ADHESIVE KRAFT PAPER TAPE

ENVIRONMENT FRIENDLY PACKAGING TAPES

- Available in two variants of 90 & 120 micron
- High Strength (16kg/inch) vs BOPP (9kg/inch)
- Printing & Branding upto 3 colors
- Tape with hotmelt rubber adhesive

* **Whole box is recyclable with tape.**

CREPE PAPER PACKAGING TAPE

Eco Friendly "Crepe" Paper Packaging tape

- This tape offers excellent conformability and anti-slip surface
- Suitable for packing and masking internal surfaces
- Tape with natural rubber adhesive
- With printing/branding upto 2 color

BOPP MACHINE ROLL

- Suited for usage on different automated packaging machines
- Very less residue on rubber roller on machine
- Available with PS91 adhesive
- Length available in 500 yards, 1000 yards also customized

MACHINE ROLL (HOTMELT ADHESIVE)

- Very high & strong adhesion and excellent tack
- Recommended and preferred for heavy and overloaded cartons
- Perform well in extreme temperatures
- Highly recommended while using BOPP machine rolls
- Hotmelt synthetic resin adhesive

SURFACE PROTECTION FILM

SURFACE PROTECTION TAPES (Many Types)

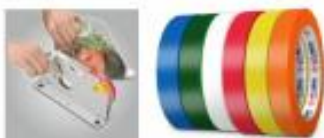

- Multi layer film base tapes in several thickness
- Available in multiple colors TPT/Blue/Black & White/Black
- Choice of adhesive: Rubber & Arylic base available
- Best in class substrate friendly specification
- Residue free on different surfaces
- Availability - Different sizes in finished rolls, log rolls & jumbos

SPECIAL APPLICATION

BAG NECK SEALING TAPE

- Available in Red, Orange, Yellow, Green, Blue & White Color
- Popular Width: 9mm & 12mm width (custom size also available)
- Length 66 mtr or as per requirement
- For bread pouch, vegetable & bakery products packaging

CROSS FILAMENT TAPE

FOR HEAVY DUTY PACKAGING

- Self adhesive BOPP tape with cross weaved glass fibers for securing and bundling heavy packs
- Excellent adhesion to all surfaces
- High tensile strength

SECURITY PACKING TAPE

- Security/void tapes offering protection from pilferage of carton/box
- Custom print messages are available
- Easy transfer of void message
- Easy hand tearable

STICKY MAT

- Strong adhesive capture dirt from shoes and trolley wheels
- Made of strong PE material
- Easily noticeable color
- Available sizes: 600x450mm, 900x600mm & 1200x675mm

BUTYL WATERPROOF TAPE

- Long and strong bond
- Sealing leaks for metal and asbestos roofs
- Suitable for sealing expansions joints
- Super strong self adhesive
- Instant fix and designed for UV resistance

ANTI SKID TAPE

Anti Skid Tape-Dry, Black. It is a mineral-coated, slip-resistant material reducing trip hazards on smooth and flat surfaces - designed in a wide range of colors and sizes. Enhances personal safety. Prevents slips and falls at home.

ACRYLIC FOAM TAPE

Mounted trims, emblems & body side moldings are fixed with high performance adhesive tapes. Various grades of acrylic foam tapes & PE foam tapes are available in various

- Thickness : 0.2mm, 0.4mm, 0.5mm, 0.6mm, 0.8mm, 1.2 mm & 1.5mm
- Width : As per requirement
- Black color available in various thickness

DOUBLE SIDE RED POLYESTER TAPE

- Available in 3 variants
- 110 microns, 160 microns & 190 microns
- Clear PET film
- Salmon Pink liner
- Peel adhesion ranging from 2000-3500gms/25 mm
- Strong Adhesive

***Specifications for variants available on request**

DOUBLE SIDED TISSUE TAPES

- Excellent quick double-stick, strong adhesion hand tear-able
- Ideal for holding and joining of light weight items in office & household application
- Non-deteriorating applicable for decoration, postal service & laminating
- Various sizes and grades available

DOUBLE SIDE CLOTH TAPE

- Double side tape with cloth backing
- Rubber adhesive with high bonding strength
- High tack ability specially for bonding rough surface
- For carpet fixing applications

XLPE FOAM TAPE

- Ideally used for closed tight gasket purpose, for avoiding moisture & dust
- Ideal for wrapping hot or cold piping and fittings
- Excellent flexibility and suitable for Thermal insulation
- General purpose holding, patching sealing applications indoor and outdoor

EVA FOAM TAPE

- Ideal for a wide range of sealing and dampening applications
- Used as weather-strip tape, sealing tape, gasket tape and spacer tape
- Available in a range of different thicknesses for and both white and black color available

ALUMINUM FOIL TAPE

- Dead soft aluminum foil backing conforms to curved and uneven surfaces
- Highly suitable for sealing joints in duct application acting as flame retardant & vapor-proof barrier
- Improves heating and cooling efficiency to protect temperature sensitive materials by dissipating heat
- Available in a range of different foil thicknesses for wider application use

ALUMINUM GLASS CLOTH TAPE - FR GRADE

- Aluminum & fiberglass cloth backing gives excellent reflective properties for both heat & light
- Excellent vapor Barrier due to low moisture vapor transmission rate
- Wide range of temperature (-20° C to 120° C) offer wide range application used in HVAC-R industry
- Roofing application like flashing, joints and insulations

FSK FOIL TAPE

- Foil, scrim and Kraft laminate backing for use on fibrous & sheet metal ducts
- High puncture and moisture proof ensures long life and durability in a variety of applications and conditions
- Highly engineered acrylic adhesive provides long term durability on insulation
- Low cost & highly efficient in HVAC solutions

ALUPET TAPE

- Aluminum foil + PET laminate backing gives excellent reflection of both heat and light
- Highly engineered solvent-based acrylic adhesive offers very aggressive initial tack and a permanent bonding for insulation applications
- Low moisture content – good sealing properties
- Used for sealing and joining ducts which provides an excellent vapor barrier in refrigeration applications

ALUSCRIM TAPE

- High performance insulation tape for vapor sealing application
- Scrim reinforced for extra strength for patching, sealing and holding applications
- Aluminum backing provides good reflection of both heat and light
- Good high and low temperature resistance

DUCT TAPE

- Polyethylene-coated cloth scrim that resists moisture to prolong tape bond
- Ideally used for application like patching, reinforcing, bundling, moisture proofing, sealing and splicing
- Ideally used for heavy duty application

GLASS CLOTH TAPE – FR GRADE

- A high quality thermal insulation joining tape with a glass cloth mesh face offered 5 mil and 7 mil
- Used as a joining or finishing tape to seal edges and joins in duct and pipe insulation.
- Excellent vapor Barrier due to low moisture vapor transmission rate
- Good high and low temperature resistance

NITRILE FOAM TAPE – CLASS 'O'

- Ideally used for closed tight gasket purpose, for avoiding moisture & dust
- Ideal for wrapping hot or cold piping and fittings
- Excellent for preventing condensation problems
- Good high and low temperature resistance

SCRIM TAPE

- High density scrim carrier boosts dimensional stability during lamination
- Modified acrylic adhesive offers good initial tack and peel to many open cell foam substrates
- High adhesion for medium and low surface energy materials

PVC PIPE WRAPPING TAPE – FR GRADE

- Ideal for wrapping pipe insulation in HVAC-R application
- Adhesive tape available in both black and white color, non adhesive tape comes in white only
- Surface protection, moisture barriers
- Water proof and acid-alkali proof

STATIONARY

HOLO GRAPHIC TAPES

- Available Colour: Red, Gold, Silver, Green, Blue & Magenta
- Available Width: 12mm, 18mm & 24mm
- Available Length: 5y, 10y, 15y & 20y

MINI BOPP TAPE

- Available Colour: Transparent
- Available Width: 12mm, 18mm & 24mm
- Available Length: 10y, 15y, 20y & 30y
- Jar pack also available

DOUBLE SIDED FOAM TAPES

- Various grades available for wide range of bonding applications
- Tape with both side adhesive coating suitable for wall mount picture, cable tie-mounts and multi-applications
- Suitable for clean & smooth walls, ceramic tiles and wooden surfaces
- Tailor made shapes are available

NANO TAPE

MULTI PURPOSE DOUBLE SIDE ADHESIVE TAPE

- Strong Adhesion
- Washable and Reusable
- Stretchable
- Leaves No Residue

COMMODITY

MASKING TAPE

A premium & economical general purpose grade crepe paper masking tape, provides excellent pressure sensitive & quick qualities and resistance to water solvent & oils.

- GP masking tape
- Residue free removal
- Writable grade
- Hand tearable

PE WARNING TAPE

- Highly resilient & durable
- High tensile strength film
- Available in Yellow/Black & Red/White (Standard width of 70mm)
- Optimal thickness
- Easily grabs attention
- Customization options

PVC INSULATION TAPE

- FR Grade
- Stretchable/Grips firmly
- Reliable self-extinguishing electrical insulation tape
- Moulds itself to any surface
- Insulation & protection to wires of electrical appliances & machines
- Holding & Insulating various transformer, capacitors, communication systems & instruments

ABOUT US

AIPL ABRO Industries Limited is setting up adhesive tape manufacturing set up in Nigeria, West Africa. With a wide range of offerings, AIPL ABRO is here to provide premium quality taping solutions that are designed to perform.

AIPL ABRO Industries Limited is being promoted jointly by

- Coscharis Group, One of the well known business houses in Nigeria.
- ABRO Ind. Inc., USA, Global brand famous for the products offering worldwide.
- Ajit Industries Pvt. Ltd. India, One of the largest adhesive tape company, known as AIPL and having experience in adhesive tapes manufacturing of more than 25 years.

With logistics and support channels unlike any other, our customers will get timely deliveries of high-performance tapes with a strong team that supports them from production to delivery & beyond.

Promoted Jointly By:
